January, Present Day Worm holes, thought Ethan, leaking time into this world just as Gabe said they do, though he and the Nanochromes did what they could to protect it, though he had begun to doubt he knew what the world really was; who he was Blocked them with the power of the stones they built over and around them. Pyramids and stuff, like the Megaliths at Carnac and Stonehenge, and a thousand other sites around the world. But worm holes that must be known to exist if they are to be blocked, impossible in a vast, unending, undiscovered landscape like this. Gosh, he said, pretending a surprise and amazement he didnt feel. I didnt know, but I so much want to see it, do you mind if I go outside on deck for a while, Isaac, Indie and Danny will be up soon He asked. No, of course I dont mind, I want you too, but remember the Amazon Jungle is a place unlike any place on earth. It is not Central Park or anywhere else you know and there are dangers lurking in the water beneath this boat, she nodded, and in the jungle all around us. Animals, most of them known, but some, as I said, not. Animals my father told my mother and my aunt he had fleetingly seen and heard and more fiercesome than the Indians whose lands we will soon pass through. So, be on your guard, if not now, then tonight when the jungle will close around us like a shroud and taunt us with sounds familiar and sounds utterly impossible. This item ships from La Vergne,TN.
