A ten-year-old is tasked with saving the world in this adventure novel that is captivating, satisfying, and thrilling at the same time (Children's Literature). But it turns out to be a day like no other: She finds a mysterious key that gives her special superpowers, takes a journey across the ocean and through the Milky Way, and even meets her long-lost father. It all starts when her favorite neighborhood baker, the mysterious Dr. Pi, reveals that he is an ancient wizard, in charge of every single thing in the world that has the shape of a spiral—from seashells to galaxies to the inside of your ear.
