Excerpt: .On the other hand, a currency that unduly rises in value hurts the debtor class; equally impairs the obligation of contracts; lowers prices; checks enterprise and development; and has a chilling and depressing influence on business. The currency, or standard that remains constant in value hurts no one; gives confidence to business; and contributes in the greatest degree to prevent panics and to develop and increase the wealth and prosperity of the country. So it is always the highest wisdom to adopt that standard of value which varies least in the course of time. The gold standard, as we have it at present, with a plentiful but limited coinage of silver, and with a sufficient issue of paper money, all based on and equal to gold, is in my opinion the best attainable financial system. To leave this system, to go to the results that would be brought by the free and unlimited coinage of silver at the ratio of 16 to 1, would be ruinous. I freely confess that, were I to believe that the free coinage of silver at the ratio of 16 to 1 would appreciate the value of the silver dollar up to and equal to the gold dollar, I would earnestly advocate that policy. It is because--and this is the whole gist of the matter--that I most earnestly believe it would not, but would fall far short of such a mark, that I think such coinage would be...
