Excerpt from The Medical Adviser and Guide to Health: Designed to Illustrate the Author s New System of Practice, in the Cure of All Sexual Diseases Incident to Exposure, Early Indiscretions, Etc Ers for the plainness and candor in which I had addressed them. In one, received but a few days since, the writer, evidently a gentleman of education and culture, says, I have read your medical adviser and guide To health with care, and have become much interested in its contents. I think I can see my own case in it as if seen in a mirror Such encomiums, com ing from disinterested sources, are much more grateful to my feelings, than would be the ?at tering criticisms of the most learned. In the outset I did not undertake to compile a medical hand-book to serve as a vade mecum to the pro fessional practitioner, nor did I choose to put into the hands of the numberless irregular doc tors who swarm in our midst, a treatise to ena ble them to Obtain, in a cheap way, that knowl edge which I only Obtained by long, laborious and expensive study and experience. I intended my book to be, as it professes, an adviser merely, and if popular testimony be of any value, in a matter of this kind, I think I may very safely congratulate myself upon the success of my endeavor.
