Forgotten Books, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Wages in the West and the Crisis in Exchanges With the East Until China has so controlled the production and export of many of our great staple industries, cotton and iron and leather, that she has saturated her currency with standard silver coins, accepted without question by her four hundred millions of people, which coins again can not be distributed over China to raise prices and wages until she has made real progress with a railway system - until that remote time comes there can be no such rise of wages and prices in Asia as will adjust values between Europe and America on the one hand, and Asia on the other; and in the meantime there is a prospect amounting to a certainty of a further rise of gold prices as will involve panics and exchange crises every few years. It is this which makes the exchange problem so infinitely important at the present time. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition.
