

## Six at the Table: Take the 70s, Add Family and Mix Well

By Sheila Maher

Blackstaff Press Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 212 x 138 mm. Language: English . Brand New Book. In Six at the Table, regular contributor to RTE Sunday Miscellany Sheila Maher tells the story of her childhood through meals shared around the kitchen table - and occasionally from the boot of the car on long family trips - and celebrates the central role that the food lovingly prepared by her mother played in her younger years. Exotic Lilt and exploding Moondust have their thrills, but it is her mother's Sunday roasts, steak and kidney pies and home-made Jaffa cakes that create the regular and comforting rhythm of Sheila's life and of the rest of her boisterous family. From sliced egg and cold ham salad on summer days to the milk puddings that mark the passage of the winter weeks, packets of Tayto, Campbell meatballs and the fascination with Sodastream, Six at the Table is a nostalgic journey through an Irish childhood in the 1970s, when uniforms were itchy, porridge stuck to your ribs, and Cidona felt like the height of sophistication.
